LIGHT SPECIFICATION

EFX machines and pyro:

The company or person in charge of the EFX/pyro will need to have all insurance needed to insure that damages on the audience and/or Voxhall while using fire or EFXmachines can be covered.

SMOKE

There is no smoke limit at Voxhall

Co2 Efx machines are allowed. Barricades are needed front of the stage to secure the safety distance from the audience to the EFX machine.
No audience is allowed on stage while the co2 is plugged into power.

NO PYRO OR STAGE FIREWORKS

Candles or other small flame objects can be used if advanced. This requires a dedicated "fire marshal" to be present during show.

Fountains/Sparkle EFX can be allowed if it produces cold sparkles. Barricades are needed in front of the stage to secure the safety distance from the audience to the EFX machine. No audience is allowed on stage while there are flames or fountains lit or plugged to power.

The use of laser fixtures is allowed at Voxhall. For the safety of the audience you need to limit the lasers to shoot at the "wooden" panels of the balcony.

Confetti is allowed at Voxhall. Please note you will be charged an additional fee for cleaning.

STAGE

Width x Depth x Height x Clearance

9 x 5,5 / 7 x 0,9 x 4,3 Meters

29,5 x 18 x 2,95 x 14,1 Ft
